PERCORSI PER LE COMPETENZE TRASVERSALI E L'ORIENTAMENTO

YOUNG LEARNERS 16 TO 21 YEARS OLD

In addition to being a beautiful Mediterranean Island, Malta is also home to many companies from different fields.

At IELTS Malta, we understand the need to prepare oneself for the future, not just by learning English, but by gaining work experience from certified and professional companies.

With this in mind, we have designed a programme for teenagers, where they can develop their language skills and at the same time enjoy a work placement in one of Malta's many companies.

Our school is located in the popular seaside town of Sliema and has excellent facilities such as modern classrooms, snack and drink vending machines, and free wireless internet. Our teachers bring experience and dedication to the classrooms, delivering world class English language training.

Hotel/Residence

We offer a choice of hotels and residences which have comfortable and modern facilities, including en-suite bathrooms or shared bathrooms, and air-conditioning.

Host Home

When students choose to stay at one of our Host Homes, they will feel the pure essence of warm hospitality and experience a home away from home. It is also a great opportunity to practice their English with their new second family.
