

# CLUB 50+

## Exclusive English course

Club 50+ combines English lessons, social activities and good opportunities to meet people from all over the world.

# CLUB 50+

The Club 50+ Standard English course is designed to improve general English communication skills and to help develop a comprehensive understanding of the English language. This course is most suitable for participants who aim to devote half their day to improve their English and who would prefer to be in a group with other learners aged 50 and above. Being in a group where the average age is higher means you can discuss more age-appropriate topics with others who have a similar amount of life experience.

All lessons are taught using the communicative approach to language learning, and so the students' ability to communicate with other people in English is improved through extensive practice in class.

During the Club 50+ English Course at Maltalingua, students enjoy the 50+ focused syllabus that covers a range of systems (grammar, lexis, pronunciation & discourse) and skills (speaking, listening, reading & writing).

# Create lasting connections

- **The First day** is always about the warm welcome and meeting new people in a new environment.
- On Mondays, students have a speaking test for correct **level placement**, which is followed by a **Welcome presentation**. To further tighten the newly acquired connections with other students, we invite everyone to a **Welcome Party** where food & drinks are provided.
- Throughout the week, students enjoy the activities offered by Maltalingua i.e guided tours, restaurants, free lessons , and more.
- On their last day, students have a **Graduation Ceremony** where they get their **Certificate of Studies** and get to try Maltese Pastizzi.

## Social activities

Maltalingua's social programme includes tailor-made activities for 50+, such as wine-tasting, visits to museums, galleries & artistic exhibitions. Students also get a taste of Maltese gastronomy and explore the culture & history of the main Island and sister island, Gozo. Special activities can be organised upon request prior to arrival and a list of recommended attractions is always available at reception.
